

Mike Withka, Senior Strategy Manager / Lean Implementation Specialist

Mike joined MRC in 2001 as a Lean Manufacturing Consultant and currently oversees the MRC's Lean Enterprise Program. Mike has over 20 years of manufacturing experience within various industries including roles as operations director, manager, supervisor, production engineer and internal consultant. Mike's areas of focus include production system design, strategic lean transformations, team coaching, leadership mentoring, training program design, and training workshop facilitator. Mike is certified as a Greenbelt through the Institute of Industrial Engineers and as a Professional Trainer through Langevin Training Services. Mike also has earned an A.S. degree in Engineering Science at Middlesex County Community College in Edison, New Jersey and both B.S. and M.S degrees in Manufacturing Systems Engineering from New Jersey Institute of Technology in Newark, New Jersey. Mike earned his M.B.A. at DeSales University in Allentown, Pennsylvania.
