

# Better Communication and Collaboration using Everything DiSC Workplace® on Catalyst™

Jan. 30, 2024

If you are looking for the answer to miscommunication, conflict and team dysfunction within your organization, your search is over! Join us for a complimentary webinar on Everything DiSC Workplace® on Catalyst™.

Designed to build more effective relationships at work, Workplace on Catalyst helps people adapt to others in real-time. With this experience, webinar participants will be introduced to how Everything DiSC allows team members to:

### Webinar Highlights

- Discover their DiSC® style
- Deepen their understanding of self and others
- Learn how to build better relationships
- Access real-time tips for more effective interactions with colleagues
- Build the foundation for future social and emotional skills training

### Who Should Attend

HR, Operations, Continuous Improvement, Supervisors, Managers, and CEOs. Register all the key players in your organization with an interest in creating constructive collaboration and transforming the culture.

Visit [mrcpa.org/events](http://mrcpa.org/events) to register and for full webinar details.

**Presenter | Wendy Beltzner, MRC Director, Leadership Development and Training Strategy**

Wendy has used DiSC assessments and strategies for over 30 years while training companies from all industries throughout a 5-county area. As a Certified Everything DiSC® practitioner, DiSC has been a foundational platform upon which all her professional development training is designed. As a business owner herself, it has become an invaluable communication resource responsible for creating synergy and success. She is eager to share the difference it can make in your organization.
